Welcome Back
Welcome to a new semester, a few notes about this newsletter for all of our new people. Newsletters are sent out via the department list serve every Tuesday. If you would like something included in the newsletter, such as an upcoming event, important information, or a submission for Bravo, please submit it to me by 5 pm on Thursdays, anything submitted after that time will be published in the newsletter for the following week. If you are responsible for a language club or table please send me the expected times and locations to meet as soon as possible.

Books available in 1126
Thanks to generous donation by Harriet Turner and Pam Lezotte there are lots of books available for the taking in 1126. Please help yourself to any books in the glass front cases, the lateral file drawer or in the boxes on top of the filing cabinet.

Spanish Tutoring & Writing Center
The Spanish Tutoring & Writing Center will be open every Monday and Wednesday from 3-4:30 to allow students of all levels to receive assistance. Jennifer Isasi will be managing the tutoring center for the 2014-2015 Academic Year.

Twitter
This is a reminder to please encourage your students to follow the department on twitter @UNLModLang. This is a great way to stay up to date on club meetings, tutoring opportunities and department news.

Cardinal Scholars Opportunity

Cardinal Scholars is an in-home and online tutoring marketplace that gives exceptional tutors affiliated with top universities the chance to be matched with elementary, middle, and high school students in need of additional academic support. We now offer our services in your area and seek tutors who meet the following criteria:

• Are fantastic mentors and have a love of learning.
• Are academically curious and intelligent.
• Attend or have graduated from University of Nebraska–Lincoln as either an undergraduate, graduate, or professional student.

By creating a profile you have the opportunity to be matched with a client if your services are requested! It doesn’t take long to apply and create a profile and be part of our community.

If requested by a client, the benefits of working with us include:

• Freedom to set your own schedule (we expect you to be taking classes yourself!).
• Competitive compensation ranging from $15 - $35 per hour.
• Get to know great families from the community who will really appreciate your help.
• Choose to tutor any time of the year in different locations, i.e. you can tutor in your home town during vacations and in your college town during the school year. You can update your tutoring “home base” at any time!

Coming on board as a tutor is not a guarantee of tutoring work, but offers the opportunity to be considered for an assignment if we receive a tutoring request in your area for in person tutoring and/or around the country for online tutoring.

We hope you become part of our education platform and join tutors from institutions such as Harvard, Berkeley, Stanford, and now University of Nebraska–Lincoln!

Interested? We would love for you to check out more information regarding our program here. To apply please go here, it only takes a few minutes!

Bravo!

Using the 1107 Projector

There are quite a few different ways to use the projector. Two of the basic ways to use it is as a standard projector for showing power points and videos. The other way is as a whiteboard.

To use the projector with a computer, turn the projector on and connect your laptop to the HDMI input on the wall. On the remote or control panel, press source search. This should find your laptop.

To use the whiteboard feature, press whiteboard on the remote or on the control panel. In whiteboard mode, you can use one or both interactive pens to write on the projected "whiteboard. You can insert images from a thumb drive and save, print, or email your "pages," without connecting a computer.

The projector also allows you to write on the screen while the image is being displayed form a computer. To do this, turn on the pen and move it towards the screen. You should see a toolbar come on the left or right side, and select annotation mode on the bottom right of the toolbar. Also in the toolbar, you can change the size and color of the pen.

**The Main Annotation Toolbar**

The main annotation toolbar lets you draw and write on your projected image. The toolbar also lets you easily switch to whiteboard or computer interactive mode.

**The Bottom Annotation Toolbar**

The bottom annotation toolbar lets you split the screen and capture, print, or save your images.
After you capture your images during your presentation, you can go to whiteboard mode and paste your images. From here, you can save them as a PDF using the bottom whiteboard toolbar.

**The Bottom Whiteboard Toolbar**

The bottom whiteboard toolbar lets you add scanned or imported images, view, save, print, or email your pages.

- Show or hide bottom toolbar
- Start a new meeting or whiteboard session
- Open a .jpg, .png, or .pdf file from a thumbdrive or network folder. When you open a multi-page PDF, each page in the document appears on a separate whiteboard page.
- Scan and insert an image

Open a new page. The current page appears as a thumbnail on the bottom toolbar.

- Display the previous page thumbnail
- Display the next page thumbnail
- Print one or more pages
- Save a page or a series of pages on a thumbdrive or network folder
- Email a page or series of pages
- Display a help screen for the toolbar functions
