

# UNL Russian Club УНЛ Русский Клуб

A student organization for the study and admiration of Russian language and culture

“Beauty will save the world.”  
- F. Dostoevsky

## WHO WE ARE

We are a group of students dedicated to the study of the Russian language, culture, literature, history, art, geography, and economics.

To us, “Russia” does not merely mean one country and one nation, but instead all the countries and people now subsumed under the title of the Russian Federation.

## OUR GOALS

- Welcome all of those interested in Russian language and culture.
- Reserve the heritage of the entire multi-cultural population of Russian language speakers.
- Contribute to the diverse university community by representing and exhibiting the various cultures of Russian language speakers.

## WHAT WE DO

Some of our activities throughout the year include:

- Regular informal meetings to develop friendships among students who share a common interest in Russian language and culture.
- Authentic food festivals
- Readings of Russian poetry and literature
- Russian movies nights (with English subtitles)
- Russian music concerts
- Informal folk dances
